DECL: OADR

ASSISTANT SECRETARY FOR INTELLIGENCE AND RESEARCH

WASHINGTON

SECRET

September 28, 1988

Interim Accreditation INR Sensitive Compartmented
Information Facility (SCIF), Suite 6510

A review by appropriate personnel of the present security situation in Suite 6510, Main State, confirms that the minimum physical security standards for a Sensitive Compartmented Information Facility, as set forth in the Director of Central Intelligence Directive 1/21, have been met.

Based on my authority as the Senior Official of the Intelligence Community (SOIC) for the Department of State, I approve the interim accreditation of Suite 6510 as a Sensitive Compartmented Information Facility for SI and GAMMA material for the period September 28, 1988 thru March 28, 1989.

I will consider granting the facility a formal two-year accreditation upon completion of the on-going renovation.

Morton I. Abramowitz
